I am a military wife with two very young children. My husbands job is very high security so I can't send a picture. There is however a song that you can play for my husband and every soldier who is also a husband and serving this great country. "A Letter from Home" put into words the feelings that I feel for my husband. And I know there are many other wives out there who might need help letting their husbands know just how much we are proud of them and how much we love them.

Thank You  
Marion
