Margie,

Thank you for all that you do for the troops and the Military families. You are a jewel!!!
Please send me another CD.

As you probably know we have become extremely busy here in my office since we last spoke and today I'm finally catching up on emails.

I had some spouses listen to the two CD's you had sent to me. They liked the Stand By my Country CD and would appreciate it if you could send a couple more copies of that CD to us. Thanks.

Margie,

I apologize that you haven't received anything from us yet. I sent you something a while ago and it must not have gone through. I hope that this helps.

I would like to thank you for all of the CD's that you send us. We use the gifts to give to the sailors on board the aircraft carriers that are stationed here at North Island. The sailors and aircrew were very appreciative. Thank you very much.
