

THE WHITE HOUSE
WASHINGTON

March 24, 1986

Dear Miss Alfonso:

It was heartening to receive your kind letter and special recorded message on the occasion of our briefing on Nicaragua. I'm most grateful for your support of my efforts to curtail the mounting danger in Central America and the related threats to the security of the United States. With the help of patriotic citizens like you, we shall continue our campaign to obtain aid for the Contras as they struggle to bring democracy to their country.

Again, thank you for your stand on freedom. You have my warm best wishes.

Sincerely,

Ronald Reagan
