

Margie Alfonso - RESUME

Margie Alfonso grew up in Grosse Pointe, Michigan and graduated from Michigan State University with a degree in Bacteriology and Public Health. She has always had an interest in health issues present in our modern world and how we can use technology to serve us, NOT to harm and enslave us. She has been working to expose and remove the 4 G and 5 G cell towers from school properties which are causing serious health conditions like cancer in children and teachers. Margie is not alone. The International Firefighters Union have known 3 G towers were deadly since 2004.

Firefighters Fighting Cell Towers and Fires:

“We hope you are observant and have seen that cell towers are now being placed directly next to, or on top of, fire houses and police stations (and SCHOOLS), it would appear that firefighters and police (and CHILDREN) are being targeted for destruction through radiation assault. It’s time to fight back .

Experience Matters:

When children are in harm's way, nothing else matters. When I am elected, I will bring to light the urgent need to know the health concerns and dangers of microwave radiation.

Support Tulsa’s first responders by improving recruitment and better pay.

Stand for local control of our schools and provide better outcomes

Reduce unnecessary regulations that hinder small business development

Address homelessness as both an addiction and mental health issue

Addresses the Attack on the Families:

Families are the building blocks of nations. I am working with Natural Family Strong, a national organization, whose purpose is to restore the traditional family. We define family as one biological born man and woman in a lifelong, committed, and a monogamous relationship with their children. It is said that "as goes the family, so goes to the church and as goes to the church so goes the nation, and we only need look to today's family to understand why we are experiencing the Chaos and cultural destruction we see today in our land.

A proposal from: James Harrison - National Director of **Natural Family Strong**

Everyone's story in this, nation and the world begin. in the family . . . and that is regardless of your political affiliation, race, color, or creed. Whoever you are and wherever you are, your story, your life's history began in the family home. A good way to start is to recommend that local officials consider making a Natural Family Proclamation from Mother's day through Father's Day. The State of New Hampshire's State House has already done so and so has others across the US.

I have always stood for transparency, righteousness, and excellence on the local, national, and international level.

- * President of Tulsa Eagle Forum, for four years.
- * Served on President Reagans Economic Recovery Tour, with Senator Strom Thurmond, and Senator Don Nickles.
- * Coordinate the National Conference on HIV/AIDS for the Reagan White House which resulted in achieving my goal of HIV testing, which is still used today worldwide.
- * Served on two former Tulsa AIDS Commissions under Mayor Crawford and Mayor Randell.
- *Brought Col. Donald Burke M.D. from Walter Reed Army Hospital to the OK House and Senate to gain support for HIV/AIDS testing.
- * Served on President Reagan's Central American Task Force raising awareness of the Marxist movement in North America as well as Central and South America. I was thanked by Pres. Reagan and Vice Pres. Bush for the commercial I wrote in support of funding the Freedom Fighters in Nicaragua and appearing as a guest on Contact America Radio to explain the crisis in Central America and introduce the commercial.
- * Received two certificates of appreciation from General Daniel Graham for work and dedication done at High Frontier, President Reagan's Strategic Defense Initiative.

I am no stranger to protecting and educating our children.

- * For years I have been involved in the literacy movement nationwide.
- * My music The Anthem of Literacy, "Reading" has been performed at numerous literacy events, The Center For The Book at the Library of Congress, Reagan Library, Bell Telephone Pioneers video to promote their book bank, Barnes and Nobel Manhattan Children's Bookstore, and was played for two years on the children's channels of three domestic airlines and three foreign airlines.
- * I was recommended in 1987 and 1989 to White House, Presidential Personell for a position on Juvenile Justice and Delinquency Prevention by Congressmen, Henry Hyde, William Donnermeyer, Dan Burton, Bob Dornin, and Senators Don Nicols, Strom Thurmond, and Jesse Helms.

- * I was a delegate to the Republican National Convention 1984, 1988 and 2020.
- * I am an ASCAP songwriter and have written Christian and Patriotic Songs. As the Constitution is the God given Foundation of our nation, I composed a song, I Stand By My Country in 1987 by the Bicentennial Commission of the United States Constitution.
- * In 1991 it became part of an album titled a Letter from Home, which was the foundation of my music and poetry ministry to military bases nationally. The video and song is currently traveling with the Vietnam Wall, Through the Eyes Vietnam Museum.

From: J McGuire - a Veterans who leads the Tulsa All Veterans Association:

Margie Alfonso attended our All-Veterans Association Meeting. Where we played Margie's music video during the opening '**I Stand by My Country.**' & A **Letter From Home** was sent to numerous military bases, as Margie Alfonso has had a music and poetry ministry to the armed forces since Desert Storm. Military personnel images seen in the video are from the U.S. Army COMBAT Files, Afghanistan, 2010 & 2011. Rededicated to those who served, and many that gave their lives in that 20-year war. Additionally, her music has aired on Armed Forces Radio Network, and soldiersradio.com. Performed at Churches, Driller Stadium, Orlando Convention Center, The Bob Hope Hollywood U.S.O., Blue Star Mothers Event, The Reagan Library, The Library of Congress, and other patriotic events. Received: The George Washington Honor Medal from the Freedoms Foundation at Valley Forge, for the song, and The Green Beret Foundation, Special Forces Unit Award for the music video. Originally written for and accepted by the Bicentennial Commission of the United States Constitution. - Jim McGuire

There is a 5th verse not in the video:

Let us all now come together
And make the pledge we need
Our country bound in Godly unity
To strive and work for higher goals
With blessings from above
To conquer strife and hatred with our love.
Blessings - Margie Alfonso

THE WHITE HOUSE

WASHINGTON

August 3, 1987

I am delighted to send greetings to everyone attending the 18th National Convention of the Christian Educators Association International. And I am especially pleased that you are focusing on the vital role of our religious heritage in the forging of the Constitution.

You celebrate the Bicentennial of the Constitution with a deep appreciation for the religious values which our Founding Fathers cherished. The framers of the Constitution understood that there is a divine order which transcends the human order, that the city of man cannot survive without the city of God. In your efforts in behalf of public education, you promote the same Judeo-Christian values which engendered and nourished our Nation's aspirations for freedom, equality, and the common good. Your work is vital because you provide our young people with the Intellectual and moral formation that is the foundation and the future of our great Republic.

Nancy and I commend you for your fine work, and we send you our best wishes for a successful convention. May God continue to bless your efforts in the years to come.

Ronald Reagan
